FLAG

Funds for Living and Giving

The process is simple: if you qualify, Fifth Season will **advance you funds** based on the face value of your life insurance policy. In addition, Fifth Season will take over your premium payments, providing even more immediate value to you and your family. There are literally no remaining out-of-pocket expenses during your lifetime, freeing up your finances to devote to the things that matter most.

And here's the best part: your insurance policy remains in place. Unlike a traditional loan, all fees are repaid later out of your policy proceeds, and in 90% of our cases **funds remain to pass on to your beneficiaries.**

That's why we call our program **FLAG – Funds for Living And Giving.** Fifth Season provides immediate money to maximize your quality of life now, while also allowing you to leave additional funds to your beneficiaries later.

YOUR ILLNESS DOESN'T OWN YOU.

Using Fifth Season's innovative FLAG program, our clients were able to access funds that immediately helped improve their lives.

← The Smiths from Mississippi took a vacation to the Carolinas with their family, a trip they had always dreamed about but couldn't afford.

→ Cassie from Texas was able to pay her back rent and stay in her apartment.

← Lisa from Colorado invested in her new business while minimizing her financial stress.

David from Washington was able to pay medical bills and move to a healthcare facility of his choice for alternative treatments.

Lawanda from Pennsylvania paid her son's school tuition and had funds left over for home projects.

Mark from Georgia purchased cars for his two children, a gift he was able to personally enjoy seeing them receive.

NO RULES, NO RESTRICTIONS....

FLAG funds are yours to use for whatever you need to live your best possible life.

DO YOU QUALIFY FOR FLAG?

Before we talk, make sure you meet these three basic requirements:

1. You have been diagnosed with a life-threatening or advanced-stage illness (for example, Stage III or IV cancers, ALS, COPD, advanced stage heart disease, etc.)
2. You must own a life insurance policy of at least \$50,000 issued in the United States - almost all policy types are eligible
3. You are a permanent resident of the United States

We'll handle the rest! Our program coordinators will guide you through the easy, no-cost/no-obligation application process and work directly with your life insurers and doctors to get all of the necessary documents. Once we receive all of the paperwork and determine if you qualify for the FLAG program, we'll provide you with a written, no-obligation proposal. That's it!
